

## Can I do that?

FLY-IN Pancake Breakfast and Safety Event:  
Do you perform owner Preventive Maintenance?  
Are you aware of the requirements of 14 CFR,  
Part 43 for Preventive maintenance. At this  
exclusive event you will find out what you as an  
owner/operator can legally accomplish? Learn  
when an A&P Mechanic is required to be involved  
while you are working on your aircraft. Are you  
following the Operating Limitations while  
conducting maintenance on your experimental  
aircraft? Next you will learn how to properly  
change your oil and return it to service on your  
own. Finally, the co-founder of ForeFlight will  
expalin what ADS-B is all about and when you  
will need to be in compliance. Don't miss this  
exclusive event. Click on link below and register  
TODAY.

**Directions:** The event will be in the Russell Hangar.

### **A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
