

Charlotte FSDO FAASTeam presents:

# ADS-B Inside and Out and NEXTGEN

Learn what is coming up soon and what will be required by 2020! Major revisions are coming to the National Airspace System between now and 2020. ADS-B requirements are not going away and 2020 will be here before you know it. Everyone who flies in controlled airspace is affected and needs to gain an understanding of how ADS-B works and how it affects them. Learn what you need to know to prepare yourself and your aircraft to meet the upcoming ADS-B requirements. With the advent and implication of this technology you can have access to free in flight weather as well as traffic avoidance. ATC will be able to see you at altitudes and locations not possible with current air traffic radar. Click the link below and register TODAY.

**Directions:** Rock Hill/York County Airport, Rock Hill SC (UZA) Terminal building. The meeting will be in the upstairs meeting room in the terminal building.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
