

Charlotte FSDO FAAS Team presents:

Lower Creek Safety Seminar

At this exclusive event we will examine successes and failures of Owner/Operators maintenance procedures with experimental aircraft. This will include Light Sport and Experimental and Amateur Built aircraft.

There will be a collage of pictures to talk from in order to review what happened and what could have been accomplished to prevent these failures. We will also cover Preventive maintenance issues on type certificated aircraft. To attend this meeting click on the link below and register TODAY.

Directions: The meeting will be held in the building at entrance of airport.

Off Route 321 in Lenoir, NC drive east on Route 18 (Wilkesboro Blvd NE). Drive approximately 1.4 miles and turn left on Taylorsville Rd SE. Drive to Lower Creek Dr NE and turn right. Drive approximately 1300 feet and turn left on Wildwood Rd. SR 1548. Go about 1/2 mile and look for sign on the left with the number 2005 and a gate. Turn left down the gravel road to the airport.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
