

Charlotte FSDO presents:

# **FAASTeam Flight Instructor Open Forum**

The purpose of this Flight Instructor Open Forum is to stimulate discussion regarding what they are, the need for student and CFI training, ways to get trained, common mistakes and how to teach EFB. More than ever before technology is changing how we plan and conduct our flights. What are the best practices for teaching this these new technologies? Don't miss this opportunity to discuss the methods, techniques, and challenges involved in guiding a pilot through the technology transition.
