

## How Old Is This Aircraft?

At this event you will learn how to keep an aging aircraft operating as it should and why there is a need for closer and more detailed inspections. Learn about how to inspect aging aircraft for the fleet that is now approaching a half century old! Don't miss this exclusive opportunity. Click on the link below and sign up!

**Directions:** Go to building on right past the Main Hanger. Go into building at bottom floor door. For any handicapped persons, please enter building at top floor and take elevator to bottom floor.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
