

Race City Safety Seminar

At his exclusive meeting you will learn about aircraft performance considerations while operating in high temperatures and elevations. Instructor John Dennis of Race City Flight Operations will answer all your questions on summer flying. Bill Hatfield with Race City Flight Operations will explain preventative maintenance and the limitations on what tasks you can perform on your aircraft. He will also show you how to return the aircraft to service. Don't miss this event. Click the link below and register TODAY.

Directions: From Interstate 77 (Exit 36), travel west approximately 2 miles and turn right on Perth Road. Then, go approximately 1/2 mile and airport entrance is on the left. After entering the airport road make an immediate left turn and follow taxi way. Be Cautious of Aircraft! RCFO is the last hanger on the left.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
