

Assure Your Aircraft Was Properly Returned To Service

Discover what you need to know about a return to service
Learn what a return to service log entry contains
Learn what to ask the repair station on the maintenance that was performed on your aircraft
Don't just grab the keys and go fly, assure a test flight was performed and signed off
Learn what you need to be concerned about the performance of the aircraft
Are YOU prepared for the unexpected?

Directions: From Rt 321: Follow signs to Hickory Regional Airport
Meeting will be held in the main terminal building.
Register online below. Sign up and bring a friend !

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
