

FAASTeam presents:

# Owner Oil Change Practices

Changing the oil in your aircraft engine might look easy to some, however there is much more than just draining the oil, and replacing the filter. There are procedures that need to be followed in order to properly perform a oil change. Mike Everhart, Southern Region Aviation Maintenance Technician of the Year, and the Director of Maintenance at Belle Aircraft Maintenance in Asheville, North Carolina will discuss the proper way to perform and document an oil change.

**Directions:** Please register for the Oil Change Practices for the Owners and Mechanics on April 28, 2021 at 7:00PM EST. Registration URL  
<https://attendee.gotowebinar.com/register/3319763568177688845> Webinar ID  
443-094-355  
After registering, you will receive a confirmation email containing information about joining the webinar.
