

CLT FAASTeam presents:

Asheville Runway Safety Action Team Meeting (Hybrid Meeting)

FAA's Air Traffic Organization (ATO) organizes Runway Safety Action Teams (RSAT's) at Towered airports. These RSAT's collect safety data related to runway utilization and operations at those airports. Your local RSAT Team is preparing to hold its next meeting to debrief the public on what they have achieved since their last public meeting. The meeting is expected to last about 1 1/2 Hours. Discussions will cover pilot deviations, runway incursions, safety enhancements, and future plans. Public welcome! Seating is very limited, and pre-registration is strongly encouraged in this FREE presentation!

Prior to attending a safety seminar, please review and abide by current CDC, State, and Local health guidelines.
