

# NOTAMs and Pilot Deviations - Separating Myth from Reality

Join us for an engaging and informative forum designed for CFIs, local pilots, aviation mechanics, and aviation enthusiasts. This session will feature an open, collaborative discussion focused on **NOTAMs**, the who, what, when, where, and why - and how they apply in real-world operations. We'll also walk through **recent and relevant pilot deviation scenarios**, with an emphasis on what typically happens *after* a deviation, including FAA processes, education-based remediation, and corrective actions.

In addition, we'll review the current **FAASTeam Topic of the Month** to reinforce critical safety awareness and promote continued learning.

## Event Details

**Tue, Feb 3, 2026 at 19:00 EST**
