

## MOSAIC Reminders

Join us for a presentation and discussion on the MOSAIC rule changes. This session will cover important updates to pilot training and certification requirements, the removal of the light-sport aircraft definition from 14 CFR 1.1, new airworthiness certification standards, and changes to operational rules and limitations. Don't miss this opportunity to learn how these changes will impact training, certification, and aircraft operations.

Enter via Aviation Drive (the General Aviation entrance just North of the Terminal) off of Route 280. From 1-26 take the Asheville airport exit, turn South and take the first entry into the airport. Proceed to the stop sign. The Lacy Griffin building is straight ahead. Additional parking is available in the gravel lot to the left of the stop sign.

### A message from the National FAASTeam Manager
