

MOSAIC Update and Pilot Forum

Join the Charlotte FAASTeam at Lake Norman Airpark for a pilot forum hosted by RaceCity Flight Operations. This session will provide a practical overview of the MOSAIC final rule, including implementation timelines, effects on light-sport aircraft, sport pilot privileges, and related training and operational considerations. Attendees will have an opportunity to ask questions and discuss how the rule may affect local pilots and operators.

From Perth Road turn into Lake Norman Airpark and proceed to 149 Yeager Road. The FBO is the last blue building on the left. Enter the lobby for Race City Flight Ops and take a left and follow the signs to the large UPSTAIRS classroom.

A message from the National FAASTeam Manager
