

Shelby-Cleveland County Regional Airport Open House

This presentation covers the fundamentals of owner-operator preventive maintenance under 14 CFR Part 43. Topics include:

- Who is authorized to perform preventive maintenance
- Preventive maintenance items listed in 14 CFR Part 43 Appendix A
- Limitations for student, recreational, sport, private, commercial, and ATP pilots
- Required maintenance record entries
- Use of current manufacturer maintenance manuals and acceptable methods, techniques, and practices
- Common mistakes and examples of work that is not preventive maintenance

Join us for a practical discussion on staying within the regulations, making proper logbook entries, and knowing when a certificated mechanic or inspection authorization is required.

Event Details

Sat, Jun 6, 2026 at 11:00 EDT

**Shelby-Cleveland County
Regional Airport**

830 College Ave

Shelby, NC
