

We are here to help you! Surviving an FAA Ramp Inspection

For years pilots have lived in fear of the FAA and the ever elusive "Ramp Inspection" any time at any airport. We will discuss what the FAA Inspectors limitations are and what you will be required to show the Inspector if he so desires. Topics will include Weight & Balance, Performance, Preflight Actions, Document necessities, Regulations, and Condition Notices.

Directions: From I29 and Exit 138 go East 2 blocks to South 42nd Street. The Pizza Ranch is the first right and locate on the west end of the strip mall just west of Menards.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
