

North Dakota FAASTeam presents:

# **UMAS Scheduled Event: Flight Review, Being Proficient is Safer than Just Competent**

Flight Reviews are intended to allow the airman to demonstrate his proficiency to a Flight Instructor and if he meets the basic competency level of the PTS, endorse that airman's logbook to continue flying. Unfortunately, meeting that basic a level of proficiency does not leave the airman room for error or "off" days. We need to step up our training and be more proficient thus safer as airman.

This seminar is being held as part of the Upper Midwest Aviation Symposium being held in Fargo, North Dakota, from Sunday March 3rd thru 5th at the Ramada Plaza Suites.

The UMAS event does have a cost. Please refer to event number GL0048844 listed on [www.faa.gov](http://www.faa.gov) for registration and cost information.

Don't miss out on this great aviation event. Special guest speakers representing various backgrounds in aviation will entertain you.
