

I was just going down the runway when suddenly I was in the Grass

Ever since the first powered aircraft was flown the most perplexing and yet necessary task an airman must face is landing and taking off with a cross wind. Loss of control continues to be one of the top two accident related failures we airman face. We'll discuss options, training, and decision making that will assist you in facing this challenge.

Directions: Exit 69 off I-29 East on County Rd 20. Continue East for 2 miles. Take a right on 20th St. N. Blue hanger is located to the West, (right) as you enter the airport.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
