

Surprise Surprise

This presentation covers a single days operation of a family owned aircraft/business and looks at the plus and minus aspect of the characters provided in the vide. The issues covered are; complacency, indifference, and distraction from both the pilot and mechanic view point. All in the confines of a single flight mission.

Directions: The FAA Safety Center Forum is located next to the Air Traffic Control Tower.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
