

## Building Personal Minimums

George Perry is the Senior Vice President of AOPA Air Safety Institute. The best method for flying safely is learning how to make good decisions and that responsibility falls on the shoulders of the Pilot in Command (PIC). Personal minimums are what we've come up with to help guide your decision making process.

**Directions:** The FAA Safety Center Forum is located next to the Air Traffic Control Tower.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

### Event Details
