

## It Takes - CAIR - to Fly Safely

Gregory Feith is a former Senior Air Safety Investigator and "Go-Team" captain with the National Transportation Safety Board (NTSB) and has investigated over 2500 general aviation, business/corporate, and transport (commercial air carrier) aircraft accidents. In this presentation, Greg will use his 36+ years of experience as an aircraft accident investigator and aviation safety expert to walk us through several case studies and expose the fundamental character flaws that caused or contributed to the accident. The error chain could have been broken if .....

**Directions:** The FAA Safety Center Forum is located next to the Air Traffic Control Tower.
