

ADM and CRM Saved a Part 121 Flight

It's not always bad news. This is an example of how the lessons we learned in the past were actually put to good use and prevented an accident. Derwin Hammond is a FAASTeam Representative and Military Liaison & ATREP for Adak NAS. He will give us an example of the successful implementation of new procedures that came about because of lessons learned.

Directions: The FAA Safety Center Forum is located next to the Air Traffic Control Tower.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
