

## How to keep from Losing Control during a Flight Review

This event is part of the National FAASTeams quarterly CFI Open Forum events that is open to all pilots and CFIs. The information and ideas presented are based on historical accident data.

CFIs and Pilots are required to develop scenario based training curriculum that prepare the airman for emergencies not common to their day to day flying.

**Directions:** Take Exit 67 off of Interstate 29 onto 19th Ave. N., head East towards the Fargo Dome. Vic's is located just west of the Fargo Air Museum on the North side of the Dome.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
