

## Want to be a Pilot? Seminar March 8, 2007

Learn how to fly, your options and cost. Everything from Para-motors, Light Sport, Single engine, multi-engine, to helicopters!

**WHERE:** Bolingbrook's Clow International Airport - Hangar One - March 8, 2007, 7:00 PM - Learn how to fly, your options and cost.

If you are already a pilot, you may want to try something different or bring a non-flying friend.

You have been thinking about getting your license for years. Learn what it takes and your options. And you may have more options than you think. Everything from Para-motors to helicopters.

Medical issues been a problem? If you have drivers license, new FAA rules provide options that you may not know about.

Moderator: Steve Meyers - Certified Flight Instructor

### Private Pilot License -

Full Private ticket can put you in a plane like this and more.

### Sport Pilot

New pilot option, no medical, just your driver's license. "Some restrictions apply" but may be just what you are looking for

**Ultralights** - Low and slow, a lower cost option that can get you in the air quickly.

Or maybe try something a little different?

Para-motors - Low cost, may be just your ticket. But you may not want to tell your significant other all the details.

**Helicopters?**

One more option.

Still can't decide?

Plenty of time to ask the panel of presenters.
