

Chicago Aviation EXPO 2008 IFR/VFR and Maintenance Seminar

The blue link under each seminar will allow quick access to that seminar at faasafety.gov for registration. Thank you for registering individually for the seminars that you plan to attend. All seminars except for the Aeromedical Forum and the Companions Program qualify for “knowledge elective” credit under the new Wings program. Credit is given through attendance sheets that are passed at each seminar. Attendees who do not pre-register may provide their name and email address on the attendance sheet. Those who pre-register will simply place their initials by their name on the sheet.
