The Northeast Illinois Pilots Association (NEPA) presents Fred Abrams, nationally known aviation lecturer, humorist, and veteran instrument instructor. Fred will discuss the tips, tricks, and traps for flying IFR with a crew of one. Single Pilot Resource Management (SRM), Aeronautical Decision Making (ADM), work load management, and scan patterns that actually work will be discussed. Pre-register for this event for Wings credit at www.faasafety.gov.

Directions: Go to Fermilab Main Entrance, proceed to Wilson Hall room One West.
