

Great Lakes Region FAAS Team presents:

Dealing with Emergencies 1:00-2:15

Dealing with Emergencies: When you have an emergency, how will you deal with it so it doesn't turn into an accident? What prior planning and equipment would help save the day? How can ATC help? After it's over, and you're OK, will the FAA come want to talk to you? This program will answer all those questions, and more.

This year, you can watch most of the Oshkosh AirVenture Safety Seminars via the Web and get Wings Credit. See below for Webinar registration information.

Directions: FAA Safety Center Forum-EAA AirVenture 2012- next door to the new air traffic control tower.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
