

Airmanship 2.0 Case Study #11: Not Enough Oomph

This Webinar will examine an airmanship-related accident that could have been prevented if the pilot had been practicing Airmanship 2.0. This case study involves a fatal crash that occurred on takeoff in a Piper PA-32R-300.

Directions: To register, go to:
<https://www4.gotomeeting.com/register/388534815> Registering at faasafety.gov will not register you for this event. You must register at GoToWebinar. If you do not register for this even at GoToWebinar, you will not receive the log-on information you need to attend the Webinar.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
