

Illinois FAASTeam presents:

# Air Traffic Control in the Chicago Area

Help pilots see from the controller's point of view:

Contact Procedures as seen from the controllers  
Radar control and vectors in the Chicago area  
Why aircraft are delayed and/or rerouted  
Bottleneck problems, conflict alerts and what is required to separate  
VFR flight following  
How does weather affect ATC in the area  
ATC and TFRs (VIP and Sports). Just what does ATC know and control?  
Common communication errors or breakdowns between pilots and air traffic controllers.  
The most common misunderstandings  
What do controllers see as the biggest problem that needs to be improved?  
Air Traffic control careers.

**Directions:** We will meet in the Northwest Flyers Hangar. To reach the Hangar, go in the main entrance (same as Pilot Pete's) go down the stairs and follow the hallway signs to the hangar. If you are flying in follow the line attendant for parking.

**A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
