

## Is your Airplane Airworthy?, 1:00-2:15

Is your Airplane Airworthy? Learn how to quickly determine if any light airplane is legally airworthy, and what to do if it isn't. We'll cover certificates & documents, required inspections, airworthiness directives, and have a look at some logbook entries. Ferry permits and placarding items Inoperative will be discussed. Finally, the 4 most likely unairworthy conditions will be presented. Q&A at the end.

**Directions:** FAA Safety Center Forum-EAA AirVenture 2013-next door to the new air traffic control tower.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
