

Density Altitude Workshop

This density altitude study will cover all phases of flight effected by air temperature, barometric pressure and moisture. Coffee and donuts at 9:00 AM and workshop starts at 9:30 AM.

Directions: Randal Rd. North to Pyott Rd then right on Pyott to the Lake in the Hills Airport exit. Right at the exit, then right at the stop sign, then left at Blue Skies flying Service.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
