

## NTSB Accident investigation process and case studies.

This is an overview of the reporting and investigation process by Tim Sorensen, NTSB Air Safety Investigator. Accident case studies will be presented to illustrate the investigation process leading to the probable cause determination.

Each case study will include a discussion of “lessons learned” and the opportunities for a safe outcome of the flight.

**Directions:** North on Randal Rd. to Pyott Rd. Right on Pyott Rd. to the airport exit, Right at the airport exit. Right at the first stop sign, then left into the Blue Skies Flying Service parking lot

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the “Contact Information” area of the meeting/event notice. Note that two weeks is usually required to arrange services.
