

Light Sport Aircraft and Sport Pilot

Many pilots have questions about the rules and regulation surrounding LSAs. We will cover operating limitations, systems, maintenance requirements and sources, transition training and also how to act as a light sport pilot with your current certificate. We will have aircraft on display after the seminar.

Directions: If you are driving in, as you enter the airport take the first right then the next left turn into our parking lot. If you are flying in, SimplyFLY is on the SW corner of the East ramp at Aurora Airport in Sugar Grove.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
