

Chicago Executive Pilots Association IMC Club meeting featuring Jason Schappert of MzeroA

The IMC Club's purpose is to promote instrument flying, proficiency, and safety. The intent is to create a community of pilots willing to share information, provide recognition, foster communications, promote safety, and build proficiency in instrument flying. IMC Club chapters offer monthly meetings in which pilots can network and share knowledge and experiences. CEPA's IMC club utilizes resources from the EAA IMC club to facilitate discussion.
