

DuPage FSDO FAAST Team presents:

Chicago Executive Monthly IMC Club meeting and pilot discussion

Believing that safety and proficiency are developed through education and experiences, monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. All pilots are welcome; both instrument and non-instrument rated are invited.

A flying scenario is presented that is based on actual events; submitted by one of the club members, actual NTSB reports, eye witness accounts or news reports. Some aspects may have been changed, such as location, aircraft type, meteorological conditions, etc. It also may have been embellished to enhance the presentation or make it more appealing to a larger audience with varying skill levels.

Scenarios are intended to create an environment for guided discussion on the lead object of the scenario's subject. It is IMC Club's discussion facilitator's responsibility to suggest variables in the scenario.

Event Details

Wed, Jun 27, 2018 - 18:30 CDT
Northbrook Crowne Plaza
2875 Milwaukee Ave, Northbrook
Northbrook, IL 60062
