

DPA FSDO FAASTeam presents:

IMC Club Monthly Meeting - KARR

This is the monthly meeting for the Sugar Grove/Aurora airport IMC Club. Believing that safety and proficiency are developed through education and experience, monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. All pilots are welcome; both instrument and non-instrument rated are welcomed.

A flying scenario is presented that is based on actual events; submitted by one of the club members, actual NTSB reports, eye witness accounts or news reports. Some aspects may have been changed, such as location, aircraft type, meteorological conditions, etc. It may have been embellished to enhance the presentation or make it more appealing to a larger audience with varying skill levels.

Scenarios are intended to create an environment for guided discussion on the lead object of the scenario's subject. It is IMC Club's discussion facilitator's responsibility to suggest variables in the scenario.

Directions: This meeting will be held in the JA Corporate Center. This is the first building on your left as you enter the Aurora Airport. Go to the last entrance - in the cafeteria.
