

Greater Chicago FAASTeam presents:

VMC Club Pilot Safety for VFR Pilots

After a short video, members will discuss various topics and how they would respond to the given scenario. This is an open forum for free ideas and we all learn from shared experience!

As pilots, we DO safety, so we encourage everyone to wear a mask and socially distance. We will plan to open the hangar door if it is warm enough.

Directions: We meet at the EAA Chapter 22 Hangar. Look for the big EAA sign on the hangar, at the end of the row at the first right turn after the gate. If gate is closed, call 815-621-9142 for code.

If the ground is wet, please park on the drive or on a concrete surface.

Please Register to get WINGS credit for this event.

Prior to attending a safety seminar, please review and abide by current CDC, State and Local health guidelines.

A message from the National FAASafety Team Manager
