

Greater Chicago FAAS Team presents:

Your Health and Flying

Dr. Greg Ostrom is a local AME, practicing in Elgin. His practice has been helping pilots with the FAA medical requirements for many years. Their goal is to help you achieve your goal. If you fly VFR, IFR, or are working toward your Private Pilot Certificate, this workshop is a must! In this seminar we will hear what is on the horizon for an AME and your FAA testing, and what you can do to help protect your ability to fly. Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.
