

FAASTeam presents:

What Maintenance can an Owner perform

Meet the Airplane & Power Plant mechanics from JW Aviation and learn what owners can preform on their aircraft. Also, learn what owner assisted maintenance you can legally preform, and tips on how.

Directions: From I-55 go North on Weber Rd. to Clow International Parkway (called Veterans Parkway to the East). Turn Left (West) and proceed to the airport parking lot. Additional parking is available if you go past the STOP sign and follow the taxiway to the back parking lot. There are 2 brown signs directing you to IAM. CAUTION: once you pass the STOP sign you will be on ACTIVE TAXIWAY. The Illinois Aviation Museum hangar faces the runway and is across from the display Jet aircraft. Aircraft Parking is in front of the Café and tie downs on the north end of the airport.

Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.
