

Aircraft Performance Calculation

Seminar 1: The importance of accurately predicting aircraft performance, particularly in the takeoff and departure flight phases, cannot be overemphasized. This program looks at best practices for predicting aircraft performance and using that information in the event of power loss. Click on this link for Seminar 2 (starting at 11:45 am) - Introduction to Safety Risk Management https://faasafety.gov/SPANS/event_details.aspx?eid=117819&caller=/SPANS/events/ModifyEventList.aspx?type=1

Directions: For those driving in, park in the west parking lot. Those flying in may park on the ramp.
