

Greater Chicago FSDO FAAS Team GL-03 presents:

# Chicago 99s Aviation Expo 2023 - ATC Communications for IFR

Eddie Trujillo is one of the rare ones at Chicago Terminal Radar Approach Control, also known as C90 TRACON facility. He is both an Air Traffic Controller and a pilot. He may be the voice you hear when you key the mic and call up Chicago approach or departure.

Eddie is committed to helping pilots and controllers understand each other. He volunteers to speak often and has been well received by our audience and on SimpleFlight Radio broadcasts. He may feel that he needs the help of a former co-worker to keep you thinking – watch and listen
