

EAA Ch 579 Monthly IMC/VMC Club

Utilizing the talents of both an Aircraft Controller and a Pilot Presenter, our monthly scenario based discussion techniques, for this Seminar will feature several detailed scenarios on the various critical PIC (Pilot in Command) decisions that would be critically necessary to fly safely while mitigating (IMC) Instrument Meteorological Conditions, (VMC) Visual Meteorological Conditions or a combination of both. Along with July Topic of the Month featuring special considerations flying over water.

Due to the lively discussions within our Seminars we try to maintain a 2 hour limit.
