

MOSAIC Can Change Your Pilot Life - Michael Baraz - Chicago 99s Aviation Expo 2026

Event Details

MOSAIC (Modernization of Special Airworthiness Certification) is transformational! One of the most significant changes to the FARs we've seen in years, perhaps, decades, the rules introduced last summer by the FAA. MOSAIC expands the privileges for Sport Pilots and updates the standards for Light-Sport Aircraft (LSA). Don't let the terms "Sport Pilot" or "Light-Sport Aircraft" fool you. These changes include reducing a ton of restrictions on pilots and airplanes. For example, no medicals for pilots and no weight limits for aircraft. There are new certification standards and processes for certification for pilots, instructors, and aircraft.
