

EAA Chapter 75 IMC Club

Join us for an enlightening FAASTeam presentation that delves into "Visual Collision Avoidance". This session will provide invaluable insights into how different factors can impact Visual Collision Avoidance, and determine ways of eliminating or mitigating those factors that negatively impact Visual Collision avoidance.

IFR Quiz: Test your knowledge with our interactive IFR Quiz

IFR Enroute Planning: During the enroute phase, terrain/obstacle risk management is fundamentally an altitude management and situational-awareness problem. This presentation will take you through IFR enroute flight planning:

(1) Altitude and route structure strategy, and (2) Enroute validation of your current IFR clearance, navigation, and autopilot modes to assure that the flight remains within the strategy.

Event Details

Tue, Feb 3, 2026 at 18:00 CST

Rev Aviation (KDVN)

9230 N Harrison Street Davenport, IA
Davenport, IA
