

## In-Flight Emergencies - Part 3 - International Flying Club Monthly Safety Meeting

### Event Details

You learn to fly in about 15-20% of the time you spend training for your Private Pilot certificate. The rest of the time, you train for a lot of stuff you never need... until you do ??

Join us for part 3 of an in-depth look at many types of in-flight emergencies, how to identify them, how to manage them, and best of all, how to manage the risks and prevent them from ever happening!
