

## Strengthening Owner-Mechanic Partnerships and Doing Preventative Maintenance Right

### Event Details

This seminar is designed to empower General Aviation aircraft owners and operators by enhancing their understanding of aircraft maintenance and regulatory processes. The "Owner/Operator Mechanic Relations" segment will focus on bridging the knowledge gap between piloting expertise and maintenance responsibilities. Participants will learn about the roles and expectations of both owners and maintenance professionals, including Airframe & Powerplants, Inspection Authorizations, and Repair Stations, fostering effective partnerships to ensure optimal aircraft care.
