

Understanding IFR Holding Patterns

This presentation will address common issues and areas of confusion related to IFR holding. Topics will include complex holding patterns, dealing with high winds, recovering from disorientation and use of satellite navigation systems.

Directions: Lunken Airport Old Terminal building, go upstairs and turn left, the Airmen's Club is at the end of the long hallway.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
