

CFI Open Forum - Transition to Glass Cockpit

Technology in the cockpit has evolved to give us more tools and situational awareness than ever before, but it can be information overload and the transition is tough. Tonight we will discuss strategies to ease that transition from "steam gauges" to glass cockpit, as well as the transition from glass to round dials which can be equally if not more challenging

Directions: Main FBO facility, classroom is upstairs

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.

Event Details

Tue, Nov 10, 2015 - 19:00 EST

Warren County Airport

2460 Greentree Rd

Lebanon, OH 45036
