

## Light Sport Aircraft Operations

They may be small, but they have quirks that can catch even the best pilots off guard. Tonight, learn how to stay ahead of the aircraft and be prepared for what a light sport aircraft is capable of.

**Directions:** Great Plains Enterprises building, look for us in lobby or classroom

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
