

## Storm Chasers

Introduction to Supercells: What are they? How and why do they form?

Basics of Tornadoes: What do we know about their formation, maintenance, and decay?

Instrumentation: How do scientists study tornadoes both observationally and numerically?

Future Work: What do we not know?

A day in the life of a storm chaser: What is it like?

**Directions:** From Highway 71 to state route 68 toward Wilmington. Turn right onto Gurneville Road. Turn left onto N. Curry Rd. You'll see airport on the right. We will be meeting the big hanger behind Great Plains Enterprises.

### A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
