

## iPad Proficiency Check

The iPad is practically required equipment for many pilots and there's no question it has improved safety and reduced the costs associated with flying. iPad Proficiency Check will include a series of insightful recommendations, strategies and other tips that pilots of all experience levels should know when flying with the iPad. Topics include hidden software features, iPad "gotchas", flying with ADS-B weather, iPad connected panel, ForeFlight tips, airport operations and runway safety, battery management, mounting and much more.

**Directions:** Seminar will be held upstairs in the Sporty's Pilot Shop building in Sporty's Cafe. Part of the New and Improved Pilot Shop Store Grand Opening event.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
