

Avoiding Loss of Control on Takeoff

This live seminar will discuss how to plan for and handle engine failure emergencies in all of the different phases of a takeoff while avoiding loss of control. Also presented will be information from Rich Stowell's Emergency Maneuver Training (EMT) program.

Directions: Seminar will be held upstairs in the Sporty's Pilot Shop building in Sporty's Cafe.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
